Why choose Final Facility?

We go further than just cleaning. We ensure your safety, quality and a pleasant collaboration.

Fixed cleaner

You work with a trusted face who knows your location, wishes and routines.

Dedicated contact person

Short lines of communication, someone who is always available and knows your situation.

Quarterly site visit

Together we monitor your cleaning quality (including testing where necessary) and evaluate the results.

Regional manager

Your fixed point of contact who is actively involved in the entire process. This way, we can quickly respond and ensure the best quality.

Check-ins via the app (Geo-Fencing)

Our cleaners clock in and out via the app based on GPS. This gives you insight into when the cleaning has been done and allows us to steer more effectively.

Live updates and digital cleaning plan

Feedback is recorded directly in the cleaning plan. You can view updates at any time and make appointments in one place.

TRANSPARENT AND CONTROLLABLE

Check-ins and check-outs via the app with Geo-Fencing

Our cleaners clock in and out via the app, based on GPS. Only within the designated location can a clock-in take place. This gives you real-time insight into attendance, productivity and cleaning quality, allowing us to directly steer on deviations.

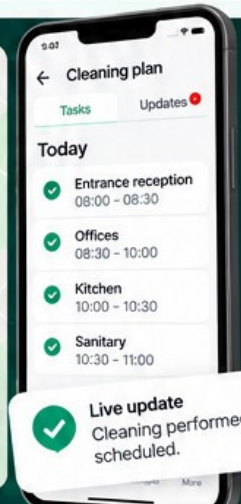

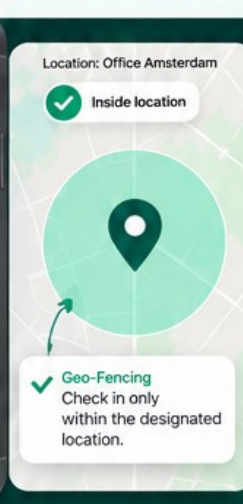

Only check in at the location (via Geo-Fencing)

Real-time insight into attendance

Direct notification of deviations
